The Opportunity:

At this time, the South West Local Health Integration Network is seeking a permanent full time Nurse Practitioner.

The Nurse Practitioner is a self-directed practitioner who provides holistic patient care based on advanced nursing and basic medical management knowledge and skills for a selected patient population.

What Can I Expect To Do?

As a Nurse Practitioner, you will:

- Provide care for medically complex patients in their own homes.
- Provide palliative care for patients in their own homes as they near end of life.
- Liaise with patients, families and all health care providers and using clinical assessment, monitoring and management skills to provide the best possible patient care.
- Help patients to manage pain and symptoms and avoid unnecessary hospitalization.
- Manage acute and episodic episodes of complex disease.

Location: This position is located within Oxford county.

How Do I Qualify?

Education:

- Current certificate of registration with the College of Nurses of Ontario (CNO): Registered Nurse Certificate of Competence with Extended Class.
- Completion of a Nurse Practitioner Certificate.
- Successful completion of the CNO Adult or Primary Care Nurse Practitioner examinations.

Experience:

- Minimum two (2) years of recent nursing experience with individuals who require end of life care.
- Demonstrated use of theory and research/evidence based outcomes within own practice.
- Clinical research experience – knowledge of basic research designs, measurement techniques and statistical methods.

Knowledge, Skills, and Abilities:

- Familiarity with Nursing Professional Practice Models.
- Knowledge and experience in change theory and adult learning principles.
- Knowledge and experience with the long term care system and the principles of patient & family centered care.
- Travel throughout the South West region may be required.
- Effective interpersonal relationship and group/team skills.
- Excellent written and verbal communication skills.

- Ability to work and communicate collaboratively in an interdisciplinary team environment, including ability to work with team members of diverse culture who may be providing alternative approaches to care.
- Demonstrated leadership for the advancement of clinical practice and achievement of Program goals.
- Highly developed critical thinking skills and ability to conceptualize and analyze problems.
- Ability to be self-directed and function independently.

Preferred Qualifications:

- Proficiency in a second language, particularly French;
- Completion of Masters of Science in Nursing (MScN);
- An ambassador of workplace culture.
