Sub-region Integration Table – Grey Bruce
Meeting Highlights – December 5, 2017

The Grey-Bruce Sub-region Integration Table held its monthly meeting on Tuesday, December 5, 2017 at the South West LHIN Owen Sound office.

Meeting Highlights

- The third patient, caregiver partner has been identified as Steven Vanloffeld and he was introduced to the table.
- Dr. Elyse Savaria, newly elected co-chair of the GB Primary Care Alliance, also joined the table, and was introduced to the group.
- An update regarding the approach to ensuring safe and inclusive Indigenous Engagement across all five sub-regions based on the advice of the Indigenous Health Committee was provided.
- The process that was used to group the opportunities identified in November into common themes or broader opportunity statements was reviewed.
- Members participated in a facilitated discussion to further refine and clarify the identified themes and guide the identification of the priorities of the table and to explore the role the Sub-Region Integration table will play in advancing these priorities.
- The Top 3 priority areas identified for Grey Bruce are:
    - Identify and support recommendations from the KPMG (consultant) Mental Health and Addictions capacity report that have cross sector implications
    - Improve knowledge and utilizations/embedding of programs and services that support prevention and management of chronic conditions
    - Spread culturally safe care in organizations through such activities as policy and education
- In January, a broad based engagement session will take place through a series of webinars to update providers on the work to date and receive feedback on the identified priority areas.
