Item	Topic or Subject	Actions
1	Welcome	
2	Approval of March Agenda and February Minutes • Agenda approved • Minutes approved	• Lisa Rigg to circulate February presentations with minutes
3	PCA Update • PCA met February 6th • 10 attendees • Received a presentation on the local RAAM Clinic(Rapid Access Addiction Medicine Clinic) • Physician recruitment continues to be a challenge in Grey Bruce • Suggestion: ask recruiters to meet with primary care alliance and physicians as a group to discuss recruitment needs • LTC would like to be included in discussions • Article about recruitment in Goderich mentioned, and link here **This Ontario town is home to 8,000 residents — and 18 family doctors**	• Tolleen Parkin to reach out to physician recruiters
4	Canadian Index of Well Being • Local partners in Grey and Bruce, including Grey County, Bruce County, and SEGCHC are working with University of Waterloo to develop a local Canadian Index of Well Being survey which will be released shortly to residents of Grey and Bruce	

	• It assesses domains such as healthy populations, leisure and culture, education, and environment.	

5	**Priority Discussion**: *Improve knowledge and utilizations/embedding of programs and services that support prevention and management of chronic conditions (COPD*)
	
	Discussion highlights
	• Table members mapped out the journey of a COPD patient from a provider perspective
	• First bottleneck is easy access to diagnostic testing
	• Would like to get a COPD patient's experience at the May meeting (Experienced based design)
	• Hospital screens MHA patients – if patient is screened positive for COPD then primary care receives notification/referral to do a coordinated care plan
	• Feel that if we identify the gaps to start
	• Consider incorporating priorities into QIPs
	• Would like to look at the maturity of the sub-region
	• Areas of improvement for SRIT
	  ○ look at social determinants of health for COPD smoking prevention/cessation– primary risk factor for COPD
	  ○ identify and remove barriers to timely access for COPD diagnosis
	  ○ create or improve care pathways for ER when patient presents with acute COPD
	  ○ educate patients and provide access to self-management programs
		• Table members to ask circles of influence what is happening in their sectors and provide information back at April Meeting
		• Table members asked to bring back feedback regarding data (what to collect and how best to do so)
		• Information to be reviewed at April Meeting
		• Keith to follow up with Brockton Family Health Team about COPD program's funding model
		• Table members to consider ideas for early access to diagnostics

	Break	
6	**Priorities Discussion** • Mental Health and addictions – update on LHIN wide planning	• Deferred to next meeting

7	**Priority Discussion**: Spread Indigenous culturally safe care in organizations through such activities as policy, education and the Ontario Indigenous Cultural Safety (ICS) training program	• Deferred

8	Other
	• Healthy Communities Conference
	  ○ Grey Bruce Public health holding conference
	  ○ An interactive workshop that builds awareness of issues impacting Indigenous people.
	  ○ Tuesday May 8 and Wednesday May 9
	• Health System Renewal Advisory Committee Update
	  ○ Meeting held on February 12th
	  ○ Discussions centred around patient care, equitable access and integration, how to achieve Patients First goals locally, engagement on the next LHIN IHSP and Health Human Resources planning
	• Patient and Family Advisory Committee Update
	  ○ Meeting held on February 9th	

	○ Discussions focused on patient engagement model, provided input into home and community care model evolution and what the end state would look like • LHIN Quality Symposium ○ Hold the date – May 31 in Stratford	
9	Wrap Up, Meeting Highlights, Next Steps Highlights • Mapping around patient journey for COPD from a provider perspective • Group to be more information around programs currently available • Group to review data around COPD at April meeting to continue moving the conversation forward Next Steps • Refine discussions around COPD • Begin to look more closely at Mental Health and Addictions Priority
