

Sub-region Integration Table – Elgin

Meeting Highlights – April 11, 2019 – South West LHIN St. Thomas Office

- We reviewed the Sub Region Integration survey results and confirmed the need to prioritize only 3 to 5 items on our work plan.
- We reviewed our work plan and confirmed our current focus is on:
 - Improving accessibility of resources to participate in coordinated care planning
 - Promoting resources for caregivers
 - Improving transitions between hospital and long term care
 - Promoting access to Clinical Connect across multiple sectors and organizations.
- We discussed Health System Transformation and Ontario Health Teams (OHT). We noted that Elgin-based providers are currently discussing next steps in Elgin (should Elgin submit an OHT self-assessment? If yes, when?)

What can you do to advance improved health, wellness, patient experience and outcomes, value for money, and provider experience across Elgin?

- Please reach out to your sector representative if you have experience or insight regarding our prioritized work plan items listed above.
- Access and promote the Community Support Services centralized 'One Number' **1-888-866-7527**. This number can be used by providers and the public to access any community support service such as: transportation, meals, support programs in the community, education, caregiver support and support in the home.
- **Register for and promote the following:**
 - R. S. Kane is pleased to announce the 21st annual R. S. Kane "**Take Heart**" **Bereavement Seminar** to be held on Friday May 3rd, 2019 at The Peoples Church, 374 Sheppard Ave E, Toronto, ON.
